CLONGOWES
FOUNDATION

The Clongowes Wood College Foundation is an independent charity whose function is to support the long-term financial health of the College in order that it can focus on the maximum development of the 'gifts and capacities with which each student is endowed'.

Since 2004, the Foundation has provided long-term funding for the maintenance and development of the College's campus and the provision of Bursaries for some 10% of the student population.

Established in 2007, the Alberto Hurtado Programme (AHP) is a bursary scheme inspired by the desire to remove barriers to the unique educational experience that a seven-day boarding school can offer. In its relatively short existence, the AHP has matured into an integral part of the fabric of Clongowes Life. The Foundation seeks to fund some seven bursary places each academic year to children coming from circumstances that would otherwise preclude them from attending Clongowes.

To remember the Clongowes Wood College Foundation in your will you must quote our assigned charity number: CHY16175.

2019 will see the launch of the Alberto Hurtado Endowment Fund: a permanent fund with the aim of securing the long term funding of the AHP.

Remembering Clongowes in your will is a way to leave a lasting legacy for the benefit of those yet to follow in your footsteps. A bequest can be made in favour of the Clongowes Wood College Foundation for general charitable purposes or specifically for the funding of the Alberto Hurtado Programme. Some examples of making bequests are given below.

Bequests in Ireland can be made to charities either in cash form (as a percentage of your will or for a fixed monetary amount), or in the form of a transfer of property. No capital acquisitions tax arise on a bequest of cash; but a person making a gift of property needs to be aware of any capital gains tax implications. We would advise anybody making or altering a Will to seek legal advice.
